

Stand Up for Your

The Struggle Continues!

Standard of Living!!

After 17 days on strike, U of M AFSCME members reluctantly returned to work and voted to accept the Administration's settlement offer, which does not keep up with inflation. The Administration stubbornly refuses to provide livable wages for its lowest paid workers, and stubbornly refused to provide the salary increases allocated in the state budget. Let the Board of Regents and the Administration know that though this contract has been settled, our struggle for a just wage at the U of M continues.

Friday, November 9

Rally 11:30-12:30

Wear your AFSCME t-shirt or "I Support U Workers" buttons to the Regents meeting, then join us for the rally outside afterwards.
