

CHOP FROM THE TOP!

NO FORCED FURLOUGHS

NO LAYOFFS

NO TUITION HIKES

At the University of Minnesota over 250 administrators earn more than \$200,000 in salaries while the Administration pushes its budget problems onto the backs of staff and students. Skyrocketing tuition and staff layoffs abound - and now we hear about possible furloughs.

NATIONAL DAY OF ACTION! Join students, staff & faculty around the US to demand that higher education be funded - it's a right and not a privilege!

It's time for those who can afford it to take the cuts!
